ANCIENT RUINS Balsa Wood Kit

# ANCIENT RUINS

## Balsa Kit Project Suggested Instructions

1. Glue together the 2 @ 12.5 x 100 x 200 to make a platform on top and towards the back of the base to allow for rubble at the front.
2. Glue the 4 @ 10 x 50 x 50 squares about 10 to 15mm in from the corners of the platform.
3. Glue 2 @ 19mm rounds on the front two squares to make pillars for the Pediment.
4. Break and Glue a 12.5mm square on top of the two front pillars.
5. Shape the Pediment out of 3 x 75 x 150mm material and glue on top of the 12.5 square.
6. Glue 6.5mm square material on top of the Pediment and add a central decoration made out of the 3mm off cuts.
7. Using a piece of 6.5mm square make a step in front of platform.
8. Break, lay and glue ruins around the site as needed.
