Square Rigger Ship

Square Rigger Ship

(SUGGESTED INSTRUCTIONS)

1. Drill or poke holes in the deck to locate the masts and give them strength.
2. Put sails on after the ship has been painted.

Finish the model off by

1. Using string or cotton to make the rigging, linking the masts to the Bowsprit and Poop Deck.
2. Using paper or calico to make the sails.
3. Designing your own flag or pennant.
4. Making a ladder to the crows nest made from a strip of gutter guard.
5. Making cannons out of black map pins.
6. Making the sea from screwed up bits of coloured tissue paper.
7. Coil up and glue some string to the fore deck for added detail.
